Avaya 9608 IP Deskphone - VoIP phone - H.323, SIP - 8 lines

This line of powerful deskphones offers brilliant audio quality, low power requirements, customizability and performance. The phones feature context-sensitive graphical interfaces and large color touchscreens, which deliver increased call control while simplifying the traditional telephone experience. Avaya 9600 series IP Deskphones help boost productivity while increasing worker satisfaction - turning a business phone system into a competitive advantage. The 9600 series works with the Avaya Aura and IP Office platforms, and can be used from headquarters, remote locations, or home offices. The 9608 IP Deskphone is an 8-line telephone ideally suited for everyday users who consider the phone to be one of many useful communication tools and who rely on common functions like directory and speed dial to enhance productivity and communications. The competitively priced, high-performing 9608 features a monochrome display, 4 softkeys, common user interface with Avaya one-X solutions, high definition audio quality, integrated Ethernet interface. Part of the 9600 series IP Deskphones, the 9608 leverages your enterprise IP network to deliver sophisticated voice communications from headquarters, remote locations or home offices. Integrated with Avaya Aura, the 9608's evolutionary approach optimizes communications through a flexible architecture that leverages existing investments and accommodates changing business needs.

Specifikation

General
