

Produktinformation

Cisco Unified IP Conference Station 7937G - Conference VoIP phone - SCCP - silver, dark grey

Information

	
Tillverkare	Cisco
Artnr	CP-7937G-REF

Cisco Unified IP phones provide exceptional levels of integrated business functionality and converged communications features, surpassing today's conventional voice systems and competitive offerings. As the market leader in IP telephony, Cisco continues to deliver comprehensive end-to-end data and true voice-over-IP (VoIP) solutions, offering a complete, stylish and fully featured IP phone portfolio for enterprise and small- and midsize-business (SMB) customers. The Cisco Unified IP Conference Station 7937G combines state-of-the-art wideband speakerphone conferencing technologies with award-winning Cisco voice communication technologies. The net result is a conference room phone that offers superior wideband voice and microphone quality, with simplified wiring and administrative cost benefits. A full-featured, IP-based, hands-free conference station, the Cisco Unified IP Conference Station 7937G is designed for use on desktops, in conference rooms, and in executive suites.

Specifikation

General

Status	R4
Product Type	Conference VoIP phone
