

Produktinformation

Dell - Processor heatsink - 2U - for PowerEdge R730, R730xd

Information

<i>Tillverkare</i>	Dell
<i>Artnr</i>	412-AAFW

The various components of a computer system such as the chipset, the graphics card and the hard drive can produce a large amount of heat while operating. This large amount of heat may be harmful for the proper functioning of the system. The heat sinks and the fans are responsible for dissipating this heat and maintaining the safe temperature limits.

Specifikation

General

Product Type	Processor heatsink
Height (Rack Units)	2U

Compatibility Information

Designed For	Dell EMC PowerEdge R730, R730xd
