Specifikation

General

| | |
|-----------------------------|----------------------------|
| Device Type | Network adapter |
| Form Factor | Plug-in card - low profile |
| Interface (Bus) Type | PCI Express |

Networking

| | |
|--------------------------------|---|
| Ports | Gigabit Ethernet x 2 |
| Connectivity Technology | Wired |
| Cabling Type | Ethernet 10Base-T, Ethernet 100Base-TX, Ethernet 1000Base-T |
| Data Link Protocol | Ethernet, Fast Ethernet, Gigabit Ethernet |
| Data Transfer Rate | 1 Gbps |

Processor / Memory

| | |
|------------------|----------------------|
| Processor | 1 x Broadcom BCM5720 |
|------------------|----------------------|

Expansion / Connectivity

| | |
|-------------------|------------------------|
| Interfaces | 2 x 1000Base-T - RJ-45 |
|-------------------|------------------------|

Compatibility Information

| | |
|---------------------|--|
| Designed For | Dell PowerEdge FC430, FC630, R320, R420, R420xr, R520, R620, R720, R720xd, R820, VRTX, VRTX M520, VRTX M620 Dell EMC |
|---------------------|--|
