## HPE StorageWorks M5314C FC Drive Enclosure - Storage enclosure - 14 bays (Fibre Channel / FATA) - HDD x 0 - rack-mountable - 3U - for StorageWorks Enterprise Virtual Array 4100 Model 2C1D

The HP StorageWorks Enterprise Virtual Array family is an enterprise-class storage array system designed to aggregate and automate your array management tasks to manage more storage capacity with fewer resources. EVA is designed specifically for customers in the business-critical, enterprise marketplace and is a highly available and highly reliable "virtual" array storage solution. Not only does this solution save time, space and costs compared to traditionally architected storage, it is supported by a powerfully simple suite of management software making it easy for users to provision storage and achieve highest level of productivity. The Enterprise Virtual Array family is designed for the data center where there is a critical need for improved storage utilization and scalability. The EVA meets application specific demands for transaction I/O performance for mid-range and enterprise customers. It provides easy capacity expansion, instantaneous replication, and simplified storage administration. The Enterprise Virtual Array combined with HP StorageWorks Command View EVA software provides a comprehensive solution designed to simplify management and maximize performance. Select M5314C drive enclosures to expand EVA configurations.

## Specifikation

### General

<b>Status</b>	R4
<b>Device Type</b>	Storage enclosure
<b>Enclosure Type</b>	Rack-mountable - 3U

### Chassis

<b>Installed Devices / Modules Qty</b>	0
<b>Supported Devices / Modules Qty</b>	14
<b>Supported Drives</b>	Fibre Channel / FATA

### Processor

<b>Type</b>	No CPU
-------------	--------

### Hard Drive

Type	HDD - hot-swap
Capacity	0
Expansion / Connectivity	
Expansion Bays	14 (total) / 14 (free) x internal
Miscellaneous	
Rack Mounting Kit	Included
Power	
Power Device	Internal power supply - hot-plug
Compatibility Information	
Designed For	HPE StorageWorks Enterprise Virtual Array 4100 Model 2C1D
