## HPE 3PAR 7200 Remote Copy - Licence - 1 drive - electronic

HP 3PAR Remote Copy is a unique replication technology that allows you to protect and share data from any application more simply, efficiently, and affordably. Remote Copy dramatically reduces the cost of remote data replication and DR on several fronts by leveraging HP 3PAR's unique thin copy technologies, enabling the use of both mid-range and high-end arrays, and eliminating the need for professional services. In addition, HP 3PAR offers autonomic DR configuration that enables you to set up and test your entire DR deployment-including multi-site replication using both mid-range and high-end arrays in just minutes, from a single window.

## Specifikation

### General

<b>Category</b>	Networking applications - storage management
<b>Product Type</b>	Licence
<b>Distribution Media</b>	Electronic

### Licencing

<b>Licence Qty</b>	1 drive
