Micro Focus Data Protector Starter Pack - Licence + 1 Year 24x7 Support - ESD - Win

HP Data Protector Software automates high performance backup and recovery, from disk or tape, over unlimited distances, to enable 24x7 business continuity and improve IT resource utilization. Data Protector Software responds to the pressure for lower IT costs and greater operational efficiency by offering acquisition and deployment costs which are 30 – 70 % less than competition. Extensive scalability and features for continuous backup and recovery operations enable growth with a single product. A superb solution, no other software can integrate better with the HP market-leading line of StorageWorks disk and tape family of products, as well as with other heterogeneous storage infrastructures.
