## Brocade - SFP+ transceiver module - Fibre Channel - for Flex System Enterprise Chassis 8721

Testing and support separate Brocade transceivers from commodity offerings. Obtaining a Brocade-branded transceiver for your campus data or storage network ensures that your product is functional and standards-compliant.

## Specifikation

### General

<b>Status</b>	N1
<b>Device Type</b>	SFP+ transceiver module
<b>Form Factor</b>	Plug-in module

### Networking

<b>Connectivity Technology</b>	Wired
<b>Cabling Type</b>	Fibre Channel
<b>Data Transfer Rate</b>	8 Gbps

### Expansion / Connectivity

<b>Interfaces</b>	1 x network
<b>Compatible Slots</b>	1 x SFP+

### Compatibility Information

<b>Designed For</b>	IBM Flex System Enterprise Chassis 8721
