Kingston DataTraveler microDuo G2 - USB flash drive - 32 GB - USB 3.2 Gen 1 / micro USB

Kingston's DataTraveler microDuo Flash drives provide additional storage in a small, convenient form factor for tablets and smartphones that support the USB OTG (On-The-Go) functionality. The USB OTG standard allows mobile devices to directly connect to supported USB devices. Ideal for storing large files while traveling, DTDUO3G2 gives plug-and-play functionality to Android tablets and smartphones without microSD ports at a lower price per GB than the extra built-in storage on a mobile device. With smartphones and tablets recording 4K video and taking higher resolution photos, space on these devices gets used up faster than ever. DTDUO3G2 Flash drives let users move files, photos, videos and more - without plugging into a PC - to offload or backup content. Sharing large files between mobile devices is easier than using online cloud services, and there's no need for a cable to transfer data between the device and a PC.

Specifikation

General

Product Type	USB flash drive
Storage Capacity	32 GB
Compatibility	Non-specific

Memory

Interface Type	USB 3.2 Gen 1 / micro USB
Features	USB On-The-Go compatible, micro-USB connector, protective cap

Software / System Requirements

OS Required	Linux 2.6.x or later, Android, Google Chrome OS, Apple MacOS X 10.10.x or later, Windows 8 / 8.1 / 10
--------------------	---

Manufacturer Warranty

Service & Support	Limited warranty - 3 years
------------------------------	----------------------------

Dimensions & Weight

Width	26.9 mm
Depth	14.4 mm

Height 5.4 mm

Weight 1.7 g

Environmental Parameters

Min Operating Temperature 0 °C

Max Operating Temperature 60 °C
