## Kingston DataTraveler Locker+ G3 - USB flash drive - encrypted - 32 GB - USB 3.0

Put a lock on your personal data with Kingston's DataTraveler Locker+ G3. It's a safe and convenient way to secure receipts, bank statements and other sensitive documents with hardware encryption and password protection for a double layer of data security. The drive locks down and reformats after 10 failed login attempts, so users can rest assured that their data is safe even if the drive is lost or stolen. Its USB 3.0 interface delivers speeds of up to 135MB/s read, approximately 2 - 3 times the speed of the previous generation, to secure files faster. It features a durable metal casing to protect the drive from drops, bumps and knocks plus its built-in key loop makes it convenient to take your data anywhere. The cap fits on the back of the drive so it won't get lost.

## Specifikation

### General

<b>Product Type</b>	USB flash drive
<b>Storage Capacity</b>	32 GB
<b>Hardware Encryption</b>	Yes
<b>Compatibility</b>	Non-specific

### Memory

<b>Read Rate</b>	Up to 135 MB/s
<b>Write Rate</b>	Up to 40 MB/s
<b>Interface Type</b>	USB 3.0
<b>Features</b>	Password protection, metal body, key ring loop

### Software / System Requirements

<b>OS Required</b>	Microsoft Windows 7 SP1, Windows 8, Windows 8.1, Windows 10, Apple MacOS X 10.9.x - 10.12.x
--------------------	---------------------------------------------------------------------------------------------

### Manufacturer Warranty

<b>Service &amp; Support</b>	Limited warranty - 5 years
------------------------------	----------------------------

### Dimensions & Weight

<b>Width</b>	60.56 mm
--------------	----------

**Depth** 18.6 mm

**Height** 9.75 mm

Environmental Parameters

**Min Operating Temperature** 0 °C

**Max Operating Temperature** 60 °C
