## NVIDIA Quadro P400 - Graphics card - Quadro P400 - 2 GB GDDR5 - 3 x Mini DisplayPort - for ThinkStation P320; P330; P330 (2nd Gen); P340; P410; P510; P520; P710; P720; P910; P920

ThinkStation Nvidia Quadro P400 Graphics card with HP bracket is powered by Nvidia Pascal Graphics Processing Unit (GPU) technology and 2GB of GDDR5 memory. It is aimed at professional CAD, DCC and visualization designers, engineers and users. The ThinkStation Nvidia Quadro P400 Graphics card with HP bracket delivers an amazing creative experience across a variety of professional 3D applications.

## Specifikation

### General

|                        |                              |
|------------------------|------------------------------|
| <b>Device Type</b>     | Graphics card                |
| <b>Graphics Engine</b> | NVIDIA Quadro P400           |
| <b>Interfaces</b>      | 3 x Mini DisplayPort         |
| <b>Features</b>        | NVIDIA Pascal GPU technology |

### Memory

|                   |             |
|-------------------|-------------|
| <b>Size</b>       | 2 GB        |
| <b>Technology</b> | GDDR5 SDRAM |

### Compatibility Information

|                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
