Lenovo Accidental Damage Protection - Accidental damage coverage (for system with 2 years depot warranty) - 2 years

With today's highly mobile users, the unexpected is bound to happen, even to exceptionally engineered PCs. Lenovo's mobile repair data indicates that a significant percentage of users will experience non-warranted damage within the first three years of the PC's life cycle. Accidental Damage Protection offers significant savings relative to uncovered repairs. Standard warranty terms and conditions don't cover accidental damage. With Lenovo's Accidental Damage Protection, your system is protected from the unexpected. Through the global network of depot repair centers, PCs are repaired by Lenovo-Certified technicians using Lenovo-Qualified parts. If it is not damaged beyond repair, the end users' own PC is returned, and if repair is not possible, the entire system will be replaced at no additional charge.
