Lenovo ThinkSmart View - Smart display - LCD 8" - wireless - Wi-Fi, Bluetooth - 10 Watt - business black

ThinkSmart View is smarter technology that will completely change how your employees work from the moment they start using it. This revolutionary personal productivity assistant frees up the PC from administrative tasks so that employees can finally be fully productive and fully collaborative at the same time. Built on the user-friendly Microsoft Teams platform, ThinkSmart View enables employees to remain productive on their PCs while this smart office device handles videoconferencing, content viewing, and more. From executive suites to remote offices to common areas, ThinkSmart View will transform how employees work alone and together by providing a device that works better, together with their PCs.
