## Nokia 130 - Mobile phone - dual-SIM - 8 MB - microSD slot - GSM - 160 x 120 pixels - RAM 4 MB - 0.3 MP - Nokia Series 30+ - black

Beautifully made with a polycarbonate shell that keeps its color even when scratched, the Nokia 130 is built to take on everyday life. Color matching keys on the glossy front and a matte finish perfectly round off this modern design. Any moment can become a treasured memory - capture it in photo or video with the built-in rear camera. With Bluetooth connectivity for file sharing between devices, you can share to your heart's content. The Nokia 130 features an MP3 player and expandable storage, so your music collection is always close to hand. Link up to wireless speakers with Bluetooth connectivity to bring music to any occasion. If it's variety that you're looking for, simply plug in your headset and switch over to the FM radio.

## Specifikation

### General
