## SonicWall TotalSecure Email Software - Subscription licence (3 years) + Dynamic Support 24X7 - 1 server, 2000 users - Win

SonicWall TotalSecure Email provides complete protection for both inbound and outbound e-mail by providing award-winning anti-spam, anti-virus, anti-phishing, and policy and compliance management in an easy-to-use solution. For organizations with up to 750 users there is simply no easier way to get complete e-mail protection. To select the appropriate SonicWall TotalSecure Email solution for your organization, choose the platform, appliance or Windows software, and the number of users in the organization - that's it. Complete e-mail protection in one convenient, affordable package.
