Vision CS-1800 - Speakers - 35 Watt - 2-way - white

The CS-1800 ceiling speakers feature a two-way design. They use the ceiling void as an infinite baffle - allowing un-damped driver excursion - all of which adds up to rich, detailed sound. The main driver is a 6.5" polypropylene cone complimented by an advanced 0.5" tweeter. These low impedance speakers do not sacrifice frequency range like 100/70 V line speakers do.
